

# PROJECTS

# ABOUT NATIONAL GLASS

National Glass is Australia's leading glass manufacturer and processor using state of the art advanced automation and machinery to deliver high quality products and service. National Glass specialise in custom laminating, insulated glass units, digital printing, tempered and high end processed glass providing solutions for energy efficiency, noise reduction, structural and strength demands and decorative applications. Products are marketed under the following trade names:

- > SOL-R™ Energy Efficient Low-E Coated Glass
- > SOL-XT™ High Performance Low-E Coated Glass
- > Duo Plus™ IGU's
- > Duo Ultra™ High Performance IGU's
- > Acousta™ Noise Reduction Glass
- > ImageTek™ Digital Printed Glass
- > Stormsafe Cyclone Resistant Glass Systems

A large range of glass stock types are available including Clear, Tinted, Low-Iron, Low-E, Laminated, Acid Etched, Silvered and Patterned glass. National Glass has 4 manufacturing and sales centres located in Brisbane, Sydney, Townsville and Rockhampton including 4 toughening furnaces, multiple CNC processing centres, IGU, Laminating and Dip-Tech Digital printing lines.

## PRODUCTS AND CAPABILITIES

### LAMINATING

Using the latest nip roller and autoclave technology to build custom laminated glass panels with standard PVB, Acoustic, Vanceva, HP and SGP interlayers. Max size 5000mm x 2600mm.

### INSULATED GLASS UNITS

Fully automated production line manufacturing warm edge super spacer IGU's. Max size 4500mm x 2700mm.

### DIGITAL PRINTING

Diptech technology glass printing centre producing high quality images and graphic designs under our trade name ImageTek™. Max size 5000mm x 2700mm.

### TEMPERED GLASS

Producing toughened, heat strengthened and heat soaked toughened from 4mm to 19mm thicknesses in many different substrates to AS2208 and AS2080 standards. Max size 5050mm x 2800mm.

### PROCESSING

Multiple CNC centres enable accurate processing of glass to customer specifications.

### SHOWROOM

Available to our trade customers is the National Glass showroom displaying a range of products,

# BARKER ST APARTMENTS

Application: Balustrading

Specification: ImageTek™ S1 Extra Durable White printed image on 10mm clear heat soaked toughened glass

# EAT STREET HARBOUR TOWN

Application: Roof lites

Specification: ImageTek™ Design custom printed image with 13.52mm clear toughened laminated glass

# WINDSOR RESIDENTIAL

Application: Flooring

Specification: ImageTek™ Floor Anti-Slip "Trust" surface frit printed with 33.04mm triple toughened laminated glass

# BAXTER ST APARTMENTS

Application: Glass shade fins

Specification: Custom laminated 17.52mm heat strengthened glass panels with Vanceva® coloured interlayers

# GOLD COAST CULTURAL CENTRE

Application: Facade

Specification: ImageTek™ Design custom printed image with 9.52mm SOL-XT Neutral 44 toughened laminated glass

# GOLD COAST RESIDENTIAL

Application: Bathroom panels

Specification: ImageTek™ Design custom printed image on 6mm Extra clear toughened glass

# INTERIORI™ COLLECTION

Application: Interior walls and partitions

Specification: ImageTek™ Interiori™ range printed on 6mm Extra Clear toughened glass

CALACATTA

BLACK CITY LIGHTS

WHITE MIST

THE GOLD RUSH

# RILEY HOTEL CAIRNS

Application: Rooflites and Awnings

Specification: ImageTek™ Design custom image printed with 17.52mm clear toughened SGP laminated glass
